

Specifications - AFAninPlus™

Product Characteristics

AFAninPlus	Water Extract of <i>Aphanizomenon flos-aquae</i>
Order	<i>Nostocales</i>
Family	<i>Nostocaceae</i>
Genus	<i>Aphanizomenon</i>
Species	<i>flos-aquae</i>

Physical Characteristics

Appearance	Ground powder (2 - 70 mesh)
Color	Blue-Green
Odor / Taste	Slight Marine
Moisture	≤ 7% [†]
Tapped Density	For Information Only

Methods

DLT LABO-S109
DLT LABO-S105

Marker Compounds

Phycocyanin	≥ 16% [†]	DLT LABO-S102
Phenethylamine	≥ 0.7% [†]	DLT LABO-S104

Microbiology

Total Plate Count	Less than 20,000 cfu/g	DLT LABO-S110
Total Coliforms	Less than 100 cfu/g	DLT LABO-S110
Mold & Yeast	Less than 1,000 cfu/g	DLT LABO-S110
S. Aureus	Less than 100 cfu/g	DLT LABO-S110
E. Coli	Negative / 1 gram	DLT LABO-S110
Salmonella	Negative / 25 grams	FDA BAM

Contaminants

Microcystin Toxin	≤ 1 ppm [†]	DLT LABO-S111
Arsenic Inorganic	Not more than 2 ppm [†]	AOAC 993.14
Cadmium	Not more than 1 ppm [†]	AOAC 993.14
Lead	Not more than 2 ppm [†]	AOAC 993.14
Mercury	Not more than 0.5 ppm [†]	AOAC 993.14
*Organophosphorus Pesticides	Non Detect	
*Organochloride Pesticides	Non Detect	EPA 8081B, 8141B, 8270D, 8321B
*Pyrethroid Pesticides	Non Detect	

Regulatory Status & Safety

Stability Considerations	Stable
Incompatibility with	None
Hazardous Decomposition Products	None known
Special Fire Fighting Procedures	None
Unusual Fire and Explosion Hazards	None
Hazardous Polymerization:	Will not occur
Spill / Leakage Procedures	If material is released or spilled: sweep up with broom and discard. Water disposal method: Dispose of in accordance with local, state and Federal regulations.

*Skip Lot testing performed for this product.
[†]Results rounded to nearest 10th.

Date: 1-25-19

Approved:

Revision No. R4

References: See Methods

Form QUAL-F217

Worker Skin Protection

Normal work wear

Worker Eye Protection

Goggles are recommended in all manufacturing environments

Primary Route of Exposure

Ingestion

Effects of Over Exposure

None

Emergency First Aid Procedures

Flush eyes with large quantities of water, rinse, rinse other areas with soap and water. Drink large amounts of water.

Drying Method, Packaging, Storage, Shelf Life

Drying Method

DLT Hydro•Dri™

Packaging

Sealed in Poly bags in bulk containers

Box Label

25.1

Storage Conditions

Store at room temperature. Keep sealed in airtight containers when not in use.

Shelf Life

Retest at 36 months from date of manufacture.

Applications

Available Forms

Ground powder.

Typical Dose

1 gram per day

*Skip Lot testing performed for this product.
